Focused Group Discussio ns (FGD)

EXIT FGD SESSION (TUESDAY, 11th JUNE, 2024)

At the exit meeting, the District Head of Garaku, Chief Martins Sarki Noel welcomed the participants to the Palace after opening prayers, self-introduction and brief opening remark by the CLMT on the objectives of the EXIT FGD Session. The PO explained that the objectives of the Exit session was to:

- 1.Centrally receive successes/challenges encountered by various stakeholder during resource mobilization since the entry meeting session in April, 2024 and to also
- 2. Develop action point(s) on ways to address unresolved facility issues.

Key Deliberations

It was reported that stakeholders had donated a table to PHC 1, Garaku and had already been put to use. There are 2 more tables needed as was reported in April during entry advocacy that the facility need 3 tables.

It was also reported that two other issues (lack of male ward and abandoned incinerator issues are being handled be His Royal Highness, the Abaga Toni (First Class Chief is handling

facility expansion to accommodate Male Ward) while Kokona LG Chairman/PHC 1 Garaku are working on identifying a new location for a new incinerator because the current one is located in the heart of the community posing health risk to inhabitants).

Remedial Actions Taken

WDC Presenting progress report/challenges during Exit FGD session on 11th June, 2024 at District Palace, Garaku

- 1. All resources mobilized be submitted to the WDC between 11th -14th June, 2024 for final compilation and execution of project
- 2. All stakeholders involved in any committee to facilitate the implementation of any issue above should intensify effort in delivering their assignment by June, 30th 2024.
- 3. Resource mobilization by individual and groups to support the facility would not end in June, 2024 but continuous till all issues are addressed.

Advocacy and Advocacy Follow-up Visits.

In the month of June, 2024, the following activities were conducted

- 1. NEPWHAN State monthly Supportive Supervision
- 2. Facility Key Informant Interview (KII)
- 3. Follow-Up Advocacy to Youth Leader and NURTW Chairman, Garaku
- 4. Follow-up advocacy to OIC PHC 1, Garaku

(1).NEPWHAN STATE PROGRAM OFFICER MONTHLY SUPPORTIVE SUPERVISION TO FIRST STEP ACTION AND OIC PHC 1 GARAKU ON MONDAY, 10TH JUNE 2024

The supportive supervision commenced after self-introduction facilitated by the First Step Action's Program Officer, Mr. Augustine Ayuba. The NEPWHAN State Program Officer thereafter engaged OIC PHC 1 Garaku Mrs. Pauline John in an interactive session on the activity of the CLMT to the facility.

The OIC validated the existence and activity of the CBO as well as reported key activity conducted to include Client Exit Interview, Validation of Client Data, Advocacy Visits/follow-up advocacies as well as conducted key informant interview to OIC in April, 2024.

Other activities reported included identification and advocating for PHC 1 Garaku issues to stakeholders who are now taken action towards addressing them. Key issues listed included lack of Male Ward due to inadequate space, inadequate office tables and decayed/abandoned incinerator.

SPO then had an interaction session with CLMT on successes and challenges encountered as well as the way out. CLMT reported a donation of 1 table by stakeholders through a joint effort of stakeholders. The table was then handed-over to the OIC, PHC 1, Garaku and was immediately put to use.

Finally, CLMT and PHC 1 Garaku OIC took SPO to the proposed site for expansion that will accommodate male ward and other rooms beside the facility premises.

SPO alongside CLMT & OIC PHC 1, Garaku during Supportive Supervision

(2).REPORT OF FACILITY KEY INFORMANT INTERVIEW CONDUCTED WITH PHARMACIST DARI DOMINIC (REP OIC PHC 1, GARAKU) ON 10TH JUNE, 2024 AT PHC 1, GARAKU

The following were the questions asked by CLMT and responses received during the (KII)

Q1. When asked to please tell the team about the COVID-19, HIV/AIDS, TB and Malaria services they offer in the health facility.

RESPONSE: In her response through her representative, the facility Pharmacist Mr. Dari Dominic, said the facility provided COVID-19, HIV, TB and Malaria services through inpatient clients as well as during outreaches for awareness creation. He added that all Positive cases of all ATM diseases are immediately enrolled into treatment and care at the facility while those of COVID-19 are linked to services at the state level. He further said that

artemether lumefantrine are given for malaria, Combination of Ritfampicin, Isoniazid, Pyraznamide & Thambuto. HIV drugs includes Dolutegravir/Lamivudine/Tenofovir, Nevirapine Susp, Cotrim 960mg and Isoniazid 300mg.

Q2. We asked her to list the resources that are required to provide COVID-19, HIV/AIDS, TB and Malaria services effectively?

RESPONSE: She responded that they need human resources with adequate and continuous trainings, they need consumables and non-consumables as well.

Q3a.CLMT also requested to know the resources available (quantity) to ensure, COVID-19, HIV/AIDS, TB and Malaria service delivery are effectively carried out in the facility.

RESPONSE: She responded that they have 4 trained COVID-19 personnel, 6 trained to handle HIV/AIDS, 6 trained to provide TB services, and 8 personnel handling malaria cases. He added that they need additional capacity building to enhance their service delivery effectively and efficiently.

Q3b. The team requested to know the level of knowledge available (quality) to ensure HIV/AIDS, TB and Malaria service delivery?

RESPONSE: She responded that they have COVID-19 trained staff, (3 MLT, 5 MLA, 2 pharmacy, 2 Record keeper, 2 TB trained staff, and 2 JCHEW handling malaria alongside the CHEW.

Q3c. Please confirm the availability and sufficiency of these resources.

	Available	Sufficient
	(Yes/No)	(Yes/No)
Consumables	Yes	No
Non-consumables	Yes	No

Q3d. When asked to list those responsible for providing these resources?

RESPONSE: She responded that for state government through Nasarawa State Drug Supply Management Agency (NDSMA), while IPs includes AIDS Healthcare Foundation, (AHF), Accelerated Nutrition Results in Nigeria, (ANRIN), Roll Back Malaria Project (WHO).

Q3e. On level of security availability in the facility?

RESPONSE: The OIC responded that the facility has perimeter fencing, has burglary proof and light which the CLMT sighted them all.

Q4. What is the current monthly inflow of patients seeking COVID-19, HIV/AIDS, TB and Malaria services at the facility? 50-60 clients monthly.

RESPONSE: COVID-19, 20, HIV/AIDS, 4, TB, 1, Malaria, 162 respectively.

Q5. What is the monthly patients-service provider ratio? (The number of patients to the number of health care provider)?

RESPONSE: 34/187 = 1:18

Q6. Can you tell us about the challenges currently faced in delivering COVID-19, HIV/AIDS, TB and Malaria services?

RESPONSE: The OIC reported inadequate personnel and inadequate infrastructure, lack of mobility to ease their movement during outreaches, lack of feeding and outreach allowances. She added inadequate space to expand the facility as another challenge.

Q7. When asked to explain the level of community structure involvement in COVID-19, HIV/AIDS, TB and Malaria service delivery?

RESPONSE: She reported that the level is Active as the community stakeholders do mobilize their subjects to participate in facility activities.

Q8. The team asked to know if the Personal Protective Equipment (PPE) in the facility are sufficient?

RESPONSE: The OIC responded that they are not sufficient.

9. Are the community members using PPE correctly and at all times?

RESPONSE: There are no PPE equipment at the community.

CLMT Conducting KII with Pharmacist Dominic Dari (Rep, OIC PHC 1 Garaku) on 10th June, 2024 at PHC 1, Garaku

(3). FOLLOW-UP ADVOCACY TO YOUTH LEADER AND NURTW CHAIRMAN GARAKU ON 12TH JUNE, 2024 AT DISTRICT HEAD'S PALACE, GARAKU.

CLMT conducted a follow-up advocacy visit to the Youth Leader of Garaku community Mr. Ladan A. Sarki and NURTW Chairman, Madaki Isa. respectively.

The two alongside their some of their Executive Council members were based on agreement were brought together at the Palace of District Head Garaku. During interactive session, CLMT requested to know the progress and challenges encountered in mobilizing their members into action toward addressing identified facility issues.

- 1. The Youth Leader reported that his members are mobilizing resources and shall reach the WDC with feedback once they are done before 15th June, 2024. On challenges encountered, he reported no challenge with his members except for the fact that there is a general economic difficulty which affects all and not only the youth promising to deliver on the said that.
- 2. The NURTW Chairman represented by his Secretary equally reported that after the entry FGD session in April, 2024, the Chairman stepped down the message to their members and task each driver to contribute certain amount and they have received responses from some drivers while others are still making efforts. He concluded that they have no challenge of resistance in contribution from members and made commitment to redeem their funds to the WDC Chairman by 15th June, 2024

CLMT therefore appreciated their efforts and encouraged them to know that PHC 1, Garaku is their own hence need to support in addressing identified issues as stakeholders.

CLMT, NURTW & Youth Leader During Follow-Up Visit at Garaku District Head Place, on 12th JUNE, 2024

(4) REPORT OF FOLLOW-UP FACILITY ADVOCACY TO OIC PHC 1, GARAKU (MRS. PAULINE JOHN) ON 13TH JUNE, 2024 AT PHC 1, GARAKU

As a follow-up on issues identified at PHC 1 Garaku being a Basic Health Care Provision Fund (BHCPF) facility and has captured two of the issues (building of the male ward and procurement of 1 office table) on its quarterly business plan for Q2 (April-June, 2024). The CLMT followed up on OIC, Mrs. Pauline John to receive progress report because in May 2024 during follow-up visit, she reported that the business plan was rejected however, CLMT reported the issue during May, 2024 Monthly Coordination Meeting and the representative of the State Primary HealthCare Agency in the meeting, Dr. Absolom Madawa linked the CBO to BHCPF Desk Officer at the state level who later resolved the issue and the business plan was approved.

It was on that basis that CLMT conducted a follow-up advocacy to Mrs. Pauline John, OIC PHC 1, Garaku for a feedback on progress made after the approval.

While responding, the OIC said the business plan has been approved however, the issue of office table was removed and left with facility expansion (construction of male ward) and they are yet to start the implementation of the work because HRH, the Abaga Toni is yet to compensate the shop owners to pave ways for the facility expansion work.

The PO therefore encouraged the facility management to constantly engage the First Class Chief even as CBO is equally doing same intensify effort towards completing the compensation processes by June, 30th. 2024.

PO facilitating during follow-up advocacy to OIC PHC 1, Garaku on Thursday, 13th June, 2024

Outreach Activities on IPV, GBV and Human Rights

The CBO had already conducted the activity in April, 2024.

DAILY RESULTS TRACKER

Date	Activity Conducted	Name of Facility/Comm unity	Specific Issue Identified from CEIs and FGD	Name & Designation of Stakeholder visited for advocacy related issues	Advocacy issue to be resolved	Current Status (Resolved or Pending)	Follow-up Action Required
